Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of the verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$10,710.49, from \$30,756.68 to \$20,046.19, in 1970, as shown herewith:

	December 31, 1969	December 31, 1970
Total Assets	\$140,673.62	\$145,861.47
Current Liabilities	109,916.94	125,815.28
Current Surplus	<u>\$ 30,756.68</u>	<u>\$ 20,046.19</u>

Delinquent Accounts Receivable:

We reviewed the Selectmen's Accounts Receivable file December 31, 1970, and found that a majority of unpaid billings contained therein represented uncollected charges for plowing private driveways during the winter of 1970.

As these items are now considerably past due, the Board of Selectmen should undertake immediate steps to enforce collection of these delinquent accounts.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the auditor's summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town, Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Sandwich for their assistance during the course of the audit.

Yours very truly,

FREDERICK E. LAPLANTE

A year ago we reported with gratitude the receipt by the Town, under the will of the late Joseph Wentworth, of a considerable legacy. The principal of this legacy is managed by the Trustees of Trust Funds who, under terms of the will, turn over the income "to be used for the support, benefit and upkeep of the Samuel H. Wentworth Library . . ."

During the year 1970 a Study Committee, with several sub-committees, has been exploring the needs of the Library, the desires of our fellow-citizens, and the ways in which the income from the Wentworth legacy may best be used for the benefit of the Library. Several dozen citizens have helped in this Study, as well as Emil W. Allen, State Librarian, and members of various neighboring libraries.

It is generally agreed that the Library needs more space to house and display the increasing number of books and other library material needed to serve our community satisfactorily; should have year round access to the front door; and will require an extended and improved driveway to accomplish the above purpose. Preliminary studies clearly indicate that any rearrangement of the space contained within the present walls of the existing building will fall short of the actual space required. Our architect, Mr. Robert Lemire of Laconia, has been requested, therefore to submit plans for a two story wing at the rear of the present building, the upper floor for usual library purposes, the lower to consist primarily of a small meeting room with space for additional books and for exhibitions.

Preparation of plans has not proceeded to the point where reliable cost estimates are available, but meanwhile

much thought is being given to the best method of raising the necessary funds, over and above the amount of available annual income. Present thinking of the Trustees suggests a future request to the Town to pledge its credit against an issue of serial notes to be retired from income on the Wentworth legacy and from possible gift or loan sources. Such a plan involves no effect upon the Town's tax rate but, until all possibilities have been thoroughly investigated, it would be premature for the Trustees to propose detailed plans and ideas for the consideration of the Town. It is our hope and expectation that within the year 1971, we shall be in a position to explain our plans and to ask the Town for such action as may be required.

In connection with the many financial and engineering aspects of our investigations, we wish to acknowledge the outstanding help of Mr. Thomas Fearnside and Mr. Carleton Heard who have been serving as informal "consultants."

The Friends of the Library have rendered valuable service to the Library in many ways: providing a weekly library service to the Sandwich Central School where more than one hundred books circulate each week; conducting Story Hours for pre-school children at the Library; setting up monthly exhibits of the work of various artists and craftsmen; beautifying the garden beds and shrubs at the Library's main entrance. The Friends also secured the services of Mrs. Lester Lear to initiate a book repair project which resulted in the repair of 123 books which are now back on the shelves for circulation. Materials for this project, book ends for the School library, a record bin and spring bulbs for the garden were also provided by the Friends. Great credit is due Mrs. Burns Chalmers and her helpers for these accomplishments.

We also acknowledge with thanks the receipt of a United States flag from the Sandwich Girl Scouts.

On January 2, 1971, the Town was saddened by the death, after a long illness, of Wayne B. Thompson, who had been a Trustee of our Library, and Secretary of the Trustees, for many years. There was never a more devoted servant of any public organization; we miss his hard work, his practical and creative ideas and, above all, his companionship.

Forest Fire Warden's Report

During this past year, the public has shown a great deal of cooperation in the prevention of fires. We wish to express our thanks for a job well done.

Your forest fire warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires, a synopsis of these laws follows.

Fire Permits

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning (SUCH BURNING IS RESTRICTED BY REGULATION TO BE PRIOR TO 9:00 A. M. and AFTER 5:00 P. M.).

An Air Pollution regulation forbids the burning of household waste in towns where such rubbish is collected by the town.

Exceptions

Commercial or industrial burning is allowed under normal conditions with permission of the District Fire Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Remember! Only You and I Can Prevent Forest Fires
